

ADVANCED BUSINESS EDUCATION

ABE has developed the Postgraduate Diploma in Business Management which offers students enhanced career prospects as well as the opportunity to progress to Masters degree programmes at numerous universities.

This programme can now be pursued for the first time in Tanzania at **FBTC**.

The Association of Business Executives (ABE) is a professional membership body and an examination board. They develop business and management qualifications at Certificate, Diploma, Advanced Diploma and Postgraduate Diploma levels. ABE qualifications provide progression routes to degree and Masters programmes

FBTC's students have produced brilliant results over the past years. We have had excellent pass rates and worldwide prizewinners in almost every examination sitting since our first intake of students.

FBTC has produced
